Major Litigation Experience

- Specialized in all types of business and commercial litigation (plaintiff and defense) and defense of cases for pharmaceutical and medical device products, and chemical and oil/gas companies involving alleged exposure to benzene, butadiene, pesticides, asbestos, silica, and other potentially toxic chemicals. Handled multi-million dollar cases brought against both product manufacturers and employers of deceased plaintiffs.
- Houston office of Akin Gump Strauss Hauer & Feld, LLP. handling commercial and personal injury litigation in state and federal courts throughout Texas
- Trained in art of successfully preparing and trying lawsuits. First-chaired five jury trial victories and three arbitrations, and second-chaired more than ten jury trials.
- Extensive experience in preparing requests for and responding to all types of written discovery.
- Took lead in questioning fact and expert witnesses in more than 350 oral depositions, and have prepared and presented for deposition more than 150 witnesses.
- Successfully prepared and responded to all types of motions and discovery and have successfully argued motions in both state and federal courtrooms throughout Texas.
- First-chaired jury verdict for \$2.56 million plus \$565,000 in attorney's fees on February 3, 2003 after 2-week trial for plaintiff Checkpoint Systems in a breach of contract case in 281st District Court of Harris County, Texas. Verdict upheld on appeal (appeal handled by other attorneys).
- At Akin Gump, managed and supervised litigation team handling docket of toxic tort cases defending R.T. Vanderbilt Company in litigation throughout Texas.
- Obtained numerous summary judgments or dismissals on behalf of defense clients without requiring payment of any settlement monies.
- In 2000, served as lead trial attorney for plaintiff Murphy Oil in commercial arbitration involving multi-million dollar claim seeking recovery of federal excise taxes.
- In spring 1998, second-chaired jury trial victory in federal court on behalf of Shell Chemical Company in alleged benzene exposure wrongful death case.
- In October 1995, served as lead trial counsel in a jury trial as a plaintiff in a serious motorcycle collision, winning a \$1.1 million judgment with no finding of comparative negligence on the plaintiff motorcyclist.
